

# Focus on My Food

## A photography competition about the food you eat

Combine your interests in food and photography  
by entering your favourite pictures of food taken in 2010.

It could be food growing in field or garden, or a celebratory feast,  
dished up on a plate. Entries will be judged on artistic merit, storytelling and  
mouthwatering appeal, and not on technical merit.

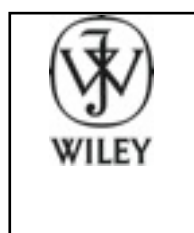

There is a separate competition for young people up to 14 years old.

Full details are available at [www.moonbites.info](http://www.moonbites.info)  
and all entries must be received by Thursday, 9<sup>th</sup> September 2010.

All category winners will be able to choose 3 books on photography  
published by [Wiley](#)

The overall winner will receive a non-residential weekend photography course  
at West Dean College from those listed in the competition rules, plus  
a total of 5 books on photography published by [Wiley](#)

This competition is organised by MoonBites, the website for eating local,  
seasonal food in Chichester, in association with the Chichester Local Food Fare
