

Focus on My Food

Rules of the competition:

Entry to the competition is free of charge

All entries must be in the form of prints and not emailed as digital images

All entries must be accompanied by a signed entry form

Entries are invited for the following categories:

Food around us (food growing, animals grazing etc)

Food on offer (markets, shops, stalls, or a still-life arrangement of food)

Food on a plate (prepared and cooked food ready to eat)

Young people's competition: for anyone of 14 years old or younger

Entries are invited featuring food in any context

Entries must have been photographed within 30 miles of Chichester

Entries will be judged on content and not technical merit.

All entries must be received by Thursday 9th September 2010. They must be posted or delivered to The Old Cottage, Tangmere Road, Tangmere, Chichester P020 2HW with the correct postage. Entries received after Thursday 9th September for any reason cannot be considered.

All category winners will be able to choose 3 books on photography published by [Wiley](#)

The overall winner will receive a non-residential weekend photography course at West Dean College from those listed below, plus a total of 5 books on photography published by [Wiley](#)

The winners will be announced at 4:30pm on Friday 10th September 2010 at the Better Tomorrows stand at The Chichester Local Food Fare.

The judges decision is final.

Entries will not be returned unless collected in person from the Better Tomorrows stand at the Chichester Local Food Fare at 4pm on Sunday 12th September 2010

It is regretted that staff of John Wiley & Sons and their families may not enter this competition

This competition is organised by MoonBites, the website for eating local, seasonal food in Chichester, in association with

WIN A WEEKEND OF PHOTOGRAPHY AT WEST DEAN

West Dean College, the specialist arts and crafts college, internationally renowned for its short courses, has an impressive range of photography courses on offer in its new programme of courses (November – May), covering all levels of ability from absolute beginners to advanced photographers. Suitable for compact or SLR camera users, there are courses that focus on image taking or the manipulation of images using Photoshop.

The College, with its large country house, offers a creative educational environment allowing you to escape the pressures of daily life and learn in an informal, relaxed atmosphere. Situated at the heart of the 6,400-acre West Dean Estate, West Dean College is set within the stunning surroundings and landscape of the South Downs National Park.

What better way to spend a weekend learning all the skills that you need to produce stunning and creative photographs with ease, working with practicing professionals, many of whom are world renowned in their field. The number of students on each course is kept low to ensure that you have the space and time needed to develop your skills and knowledge and photography students can make full use of the College's computer suite for downloading and editing images.

Competition: West Dean College is offering a prize of a free weekend photography course (non residential) worth up to £195. This includes welcome dinner on the Friday evening followed by a one hour introductory session, plus all tuition, lunch, morning coffee and afternoon tea on the Saturday and Sunday.
